Sub: Sponsorship invitation “Electrochemistry in Industry, Health and Environments (EIHE 2023)”

It is our pleasure to inform you that Analytical Chemistry Division, Chemistry Group in association with Indian Society for Electroanalytical Chemistry (ISEAC) are organizing an International Conference under the thematic title of “**Conference on Electrochemistry in Industry, Health and Environment (EIHE 2023)**”, which will be organised at DAE Convention Centre, Anushaktinagar, Mumbai - 400094 during February 7 to 11, 2023. Under the scope of this conference the expediency of electrochemistry will be discussed in the context of Catalytic electrochemistry, PEC water splitting, Instrumentations and devices, Battery, Supercapacitor, Fuel cell, and Solar cell, Nonaqueous Electrochemistry, Computational Electrochemistry, Electrodeposition, Electrosynthesis, Electroplating & anodization, Electrochemistry in Pharmaceuticals and Drugs, Nanoscale Electrochemistry, Electrochemistry in Nuclear Energy, Electrochemical Sensors and Biosensors for Health, Medical and Environmental Sciences, Electrochemical Corrosion

This series of conference has been very popular to the national and international scientists and it is expected to have large number of eminent scientists from India and overseas during the conference. We are expecting have around 500 participants for this conference, you are cordially invited to participate in this **international conference** and generously sponsor the event to make it as a grand success.

With best regards

Organising committee EIHE, 2023
